INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Coppermoly Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Coppermoly Limited, which comprises the statement of financial position as at 31 December 2011, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a statement of accounting policies, other explanatory information, and the directors' declaration of the consolidated entity comprising the disclosing entity and the entities it controlled at the half-year's end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the disclosing entity are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2011 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Coppermoly Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Tel: +61 7 3237 5999 Fax: +61 7 3221 9227 www.bdo.com.au Level 18, 300 Queen St Brisbane QLD 4000 GPO Box 457, Brisbane QLD 4001 Australia

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Coppermoly Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Coppermoly Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2011 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001.

Material Uncertainty Regarding Going Concern

Without modification to the conclusion expressed above, we draw attention to the matter set out in Note 1 which indicates that the consolidated entity will need to raise capital in the future to ensure it can continue to fund its exploration and evaluation programmes. These conditions indicate the existence of a material uncertainty that may cast doubt about the consolidated entity's ability to continue as a going concern and therefore may be unable to realise its assets and extinguish its liabilities in the normal course of business.

NOTE 1. BASIS OF PREPARATION OF HALF-YEAR REPORT

These general purpose financial statements for the interim half-year reporting period ended 31 December 2011 have been prepared in accordance with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

These interim financial statements do not include all the notes of the type normally included in annual financial statements and therefore cannot be expected to provide as full an understanding of the financial performance, financial position, financing and investing activities of the consolidated entity as the full financial statements. Accordingly, these half-year financial statements are to be read in conjunction with the annual report for the year ended 30 June 2011 and any public announcements made by Coppermoly Ltd during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Company's 2011 Annual Financial Report for the financial year ended 30 June 2011, unless otherwise stated.

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that are relevant to its operations and effective for the current annual reporting period. The adoption of these new and revised Standards and Interpretations did not have any material financial impact on the amounts recognised in the financial statements of the Group for the current or prior periods.

Going Concern

The financial statements have been prepared on the going concern basis. As at 31 December 2011 the Group had net assets of \$3,452,442 (30 June 2011: \$3,324,840) and continues to incur expenditure on its exploration tenements drawing on its cash balances. As at 31 December 2011 the Group had \$1,526,540 in cash and cash equivalents (30 June 2011: \$1,610,846). The ability of the Group to continue exploration and evaluation activities depends on raising appropriate capital in the future. In the event that adequate capital cannot be raised as required there will exist a material uncertainty that may cast doubt on the Group's ability to continue as a going concern and therefore able to realise its assets and extinguish its liabilities in the ordinary course of business.

The directors are of the opinion that they will be able to raise capital as and when required. Accordingly, no adjustments have been made to the financial report relating to the recoverability and classification of the asset carrying amounts or the amounts and classification of liabilities that might be necessary should the Group be unable to raise capital as and when required and the exploitation of the areas of interest not be successful or the Group not continue as a going concern.

NOTE 2. SEGMENT INFORMATION

(a) Description of segments

The Group has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (chief operating decision makers) in assessing performance and determining the allocation of resources. Operating segments are determined on the basis of financial information reported to the Board which is at the consolidated entity level. Accordingly, the consolidated entity is treated as one operating segment.

Therefore, management identifies the Group as having only one reportable segment. The financial results from this reportable segment are equivalent to the financial statements of the consolidated entity as a whole. There have been no changes in the operating segments during the period.

NOTE 2. SEGMENT INFORMATION (Continued)

(b) Entity-wide disclosures

The Group's geographical information is as follows:

		Australia \$	Papua New Guinea \$
Non-current assets	Dec 2011	26,211	1,967,146
	Jun 2011	11,269	1,718,438

The Group operates primarily in mineral exploration located in Papua New Guinea. The Group's headquarter office is in Australia.

The Group does not have any products/services it derives revenue from.

NOTE 3. PROPERTY, PLANT AND EQUIPMENT	31 December 2011	30 June 2011
	\$	\$
Plant and Equipment		
Plant and equipment at cost	657,761	624,465
Less accumulated depreciation	(390,960)	(352,571)
	266,801	271,894

NOTE 4. MINERAL EXPLORATION AND EVALUATION ASSETS

The ultimate recoupment of costs carried forward for exploration and evaluation is dependent upon the successful development and commercial exploitation or sale of the respective areas of interest.

The term of the Mt Nakru Exploration Licence (EL 1043) has been extended for two years to 7 December 2012.

The term of the Simuku Exploration Licence (EL 1077) expired on 28 November 2011 and is currently subject to an application for renewal (lodged 5 August 2011).

The term of the Talelumas Exploration Licence (EL 1445) has been extended for two years to 28 May 2012.

The Group has fully complied with all licence requirements and has exceeded expenditure requirements. It therefore expects that the two licences will be renewed in the near future.

In October 2009 the Group signed a Letter Agreement with Barrick (PNG Exploration) Limited to sole fund AUD\$20 million to earn up to 72% interest in Coppermoly Limited's projects (Mt Nakru, Simuku and Talelumas) on the island of West New Britain in Papua New Guinea. Once Barrick has earned 72% equity, Coppermoly can elect that the payment of its share (28%) of ongoing costs incurred up to the production of a feasibility study will be delayed until that stage and will be repaid from 50% of its share of revenue. Total expenditure by Barrick (PNG Exploration) Limited to 31 December 2011 is AUD\$21,473,009 (30 June 2011: \$13,833,813). Barrick has notified Coppermoly Limited that it has met the AUD\$20 million expenditure commitment under the Letter Agreement. Therefore a joint venture for the further exploration and, if warranted, the development of the tenements will now be formed. Coppermoly Limited does not have to contribute funds until a feasibility study has been finalised. Coppermoly Limited will retain a 28% interest in the three tenements and its cash contribution up to the completion of a feasibility study will be delayed until the commencement of production and will be repaid from Coppermoly Limited's share of any future production revenue.

During 2010 the Group applied for an additional two tenements:

- ELA 1782 Powell was applied for on 10 February 2010. A Warden's Hearing was satisfactorily held on 23 June 2010.
- ELA 1813 Fulleborn was applied for on 13 April 2010.

During 2011 the Group applied for an additional tenement:

 ELA 2014 Makmak was applied for on 24 May 2011. A Warden's Hearing was satisfactorily held on 14 November 2011.

The applications are pending approval.

NOTE 4. MINERAL EXPLORATION AND EVALUATION ASSETS (Continued)

In October 2011 Coppermoly Limited signed a farm-in agreement (the Esk Trough Farm-In Agreement) with ActivEX Limited. The Esk Trough Project area, which is located in South East Queensland, includes EPM's 14476 Booubyjan, 14979 Dadamarine, 16327 Ban Ban, 18717 Stockhaven and part of 16265 Blairmore. Coppermoly can elect to earn 51% by sole funding AUD\$3 million over three years and can then elect to earn up to 70% by spending an additional AUD\$3 million within six years from the commencement date of the agreement. ActivEX may then elect to claw-back 10% (i.e. to 40%) by sole funding AUD\$6 million within three years from the date of its election. Coppermoly's minimum expenditure commitment is AUD\$0.5 million in the first year, which is included in the AUD\$3 million should Coppermoly elect to proceed.
