## **NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

### **FOR THE HALF-YEAR ENDED 31 DECEMBER 2016**

#### **NOTE 1. BASIS OF PREPARATION OF HALF-YEAR REPORT**

These general purpose financial statements for the interim half-year reporting period ended 31 December 2016 have been prepared in accordance with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. The Company is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

These interim financial statements do not include all the notes of the type normally included in annual financial statements and therefore cannot be expected to provide as full an understanding of the financial performance, financial position, financing and investing activities of the consolidated entity as the full financial statements. Accordingly, these half-year financial statements are to be read in conjunction with the annual report for the year ended 30 June 2016 and any public announcements made by Coppermoly Ltd during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that are relevant to its operations and effective for the current annual reporting period. The adoption of these new and revised Standards and Interpretations did not have any material financial impact on the amounts recognised in the financial statements of the Group for the current or prior periods.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Group's 2016 Annual Financial Report for the financial year ended 30 June 2016, unless otherwise stated.

#### *Going concern*

The Group incurred a net loss of \$930,566 for the half-year ended 31 December 2016. As at 31 December 2016 the Group had cash reserves of \$1,335,236; a working capital deficit of \$446,024; and net assets of \$10,971,673. The company has not generated revenues from operations. The Group has a liability of \$1,330,138 (including accrued interest) for convertible notes. The Group has also committed to re-acquire Barrick (PNG Exploration) Limited's ("Barrick") interest in the tenements EL1043 and EL2379 for a final payment of \$4,500,000 to be paid no later than six months after the commencement of commercial production at the West New Britain Project, in addition to its exploration commitments under its other licences. Refer to note 4 for further details on the required payment to re-acquire the tenements from Barrick.

The ability of the Group to continue as a going concern is principally dependent upon one or more of the following:

- the ability of the company to raise additional capital in the future; and
- the successful exploration and subsequent exploitation of the company's tenements.

These conditions give rise to material uncertainty which may cast significant doubt over the Group's ability to continue as a going concern.

The directors believe that the going concern basis of preparation is appropriate due to the following reasons:

- To date the Group has funded its activities through issuance of equity securities and it is expected that the Group will be able to fund its future activities through further issuances of equity securities; and
- The directors believe there is sufficient cash available for the Group to continue operating until it can raise sufficient further capital to fund its ongoing activities.

Should the Group be unable to continue as a going concern, it may be required to realise its assets and extinguish its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial statements.

This financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts or classification of liabilities and appropriate disclosures that may be necessary should the Group be unable to continue as a going concern.

**COPPERMOLY LIMITED & ITS CONTROLLED ENTITIES  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE HALF-YEAR ENDED 31 DECEMBER 2016**

**NOTE 1. BASIS OF PREPARATION OF HALF-YEAR REPORT (continued)**

Key judgements – exploration & evaluation assets

The Consolidated Entity has certain exploration tenements that have expired as at 31 December 2016. The Consolidated Entity has lodged applications for renewal within the required timelines and expects the licences to be renewed in due course. Management has therefore continued to capitalise exploration & evaluation costs on the basis that they expect the application for the rights to tenure to be granted. Should the renewals not be granted this may impact the carrying value of Exploration and evaluation assets recognised in the consolidated statement of financial position.

**NOTE 2. FAIR VALUE MEASUREMENTS**

The carrying values of the Group's financial assets and financial liabilities approximate their fair values as at 31 December 2016.

**NOTE 3. SEGMENT INFORMATION**

**Description of segments**

The Group has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (chief operating decision makers) in assessing performance and determining the allocation of resources. Operating segments are determined on the basis of financial information reported to the Board which is at the consolidated entity level. Accordingly, the consolidated entity is treated as one operating segment.

Therefore, management identifies the Group as having only one reportable segment. The financial results from this reportable segment are equivalent to the financial statements of the consolidated entity as a whole. There have been no changes in the operating segments during the period.

Balance at the end of the half-year	<u>11,381,376</u>	<u>11,343,131</u>

**Exploration Licences:**

- **EL 1043 Mt Nakru** has a two year term ending on 7 December 2016. Coppermoly has lodged an application to extend the term of this Exploration Licence until 7 December 2018. A successful Warden's Hearing was held on 8 November 2016 with the next steps being assessment by the PNG Mineral Resources Authority (**MRA**) and consideration at the next Mining Advisory Council (**MAC**) meeting;
- **EL 2379 Simuku** has a two year term ending on 10 September 2017; and
- **EL 1782 Powell** has a two year term ending on 24 September 2017;

As at the date of this report, the current term of the Mt Nakru Exploration Licence EL 1043 has expired. However, Coppermoly has applied to extend the term of this Exploration Licence, and therefore continues in force until a determination is made regarding the renewal application.

The departmental procedure required every 2 years for Exploration Licence extension entails the approval at a Warden's Hearing, assessment and subsequent recommendation by the MRA, followed by consideration and recommendation by the MAC before final approval can be provided by the PNG Minister of Mining. Shareholders should be aware that, pending extension, granted Exploration Licences continue in force until a determination is made by the PNG Minister of Mining. The Company is in ongoing discussions with the MRA and is not aware of any reason why the exploration licence will not be renewed.

**COPPERMOLY LIMITED & ITS CONTROLLED ENTITIES  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE HALF-YEAR ENDED 31 DECEMBER 2016**

**NOTE 4. MINERAL EXPLORATION AND EVALUATION ASSETS (continued)**

In November 2016 the Company was advised by the MRA that renewal applications for exploration licences EL 2014 and EL 2272 had been refused due to limited exploration activity having been conducted during the terms after the Company focusing its limited resources on the Mt Nakru licence. All capitalised costs associated with these two tenements have been written off in the current period.

Coppermoly has reapplied for most of the ground covered by EL 2014 and some additional ground that now adjoins part of the Mt Nakru licence under Exploration Licence Application ELA 2514 Makmak. Coppermoly was the only applicant and a Warden's Hearing has been scheduled to consider that application.

The ultimate recoupment of the costs carried forward for exploration and evaluation is dependent upon the successful development and commercial exploitation or sale of the respective areas of interest.

**West New Britain Project Exploration Licences**

In October 2009 the Group signed a Letter Agreement with Barrick (PNG Exploration) Limited (**Barrick**) to sole fund \$20 million to earn up to 72% interest in Coppermoly Limited's tenements (Mt Nakru and Simuku) (**WNB Projects**) on the island of New Britain in Papua New Guinea. Barrick earned 72% equity in January 2012. In May 2012 Barrick advised Coppermoly of its intention to divest its interest in the WNB Projects.

*Reacquisition Deed*

The remaining key term of the renegotiated Reacquisition Deed with Barrick is as follows:

- The Group may acquire the remaining nominal 28% interest in the WNB Projects, which the Company has a binding agreement to acquire, by making a payment of AUD \$4,500,000, payable no later than the date that is 6 months after the commencement of commercial production at the WNB Projects. Barrick do not have to contribute any further costs to exploration or development of the projects nor are they entitled to any profits from the projects.

## INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Coppermoly Limited

### Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Coppermoly Limited, which comprises the consolidated statement of financial position as at 31 December 2016, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year's end or from time to time during the half-year.

#### Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Coppermoly Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Coppermoly Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

## Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Coppermoly Limited is not in accordance with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the consolidated entity's financial position as at 31 December 2017 and of its performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.

## Emphasis of matter - Material uncertainty relating to going concern

We draw attention to Note 1 in the financial report which describes the events and/or conditions which give rise to the existence of a material uncertainty that may cast significant doubt about the consolidated entity's ability to continue as a going concern and therefore the consolidated entity may be unable to realise its assets and discharge its liabilities in the normal course of business. Our conclusion is not modified in respect of this matter.
